

Student name: Wang Hao (Bachelor)

Supervisor: Dr. Proskuriakov K.N.

Dep. of Nuclear Power Plants, National Research University “Moscow Power Engineering Institute”

Work title: Calculation of PG-1200 MKP

Annotation:

The following types of calculations of the steam generator (PG) for NPP-2006 were performed: calculation of the frequency of acoustic standing waves in the steam generator using digital acoustic models of the steam generator, thermal, structural, hydrodynamic and economic calculations.
